**TANYA BISH**—ROLLING FIELDS ELDER CARE HOME ADMINISTRATOR, **JASON BROWN**—HOSPITAL AND HEALTHCARE ASSOCIATION OF PA

On October 2, 2018, severe weather moved through the northern tier of the Commonwealth, generating several tornadoes. *Rolling Fields Elder Care* responded with progressive shelter in place, relocation, and eventual evacuation of 162 residents after taking a direct hit from an EF2 tornado. Lessons learned - from the immediate response by facility staff through the total evacuation of the facility to (11) eleven other healthcare facilities - will be shared.

**12:30 PM**

LUNCH

**1:15 PM to 4 PM**

Disaster USA Tabletop (HSEEP Compliant with Con-Ed Credits)

The tabletop simulation allows participants to gain experience in using the Incident Command System to manage incidents in a compressed space and time . It allows different disciplines and leaders to interact, gain insight on each other’s scope of operations and responsibility (Firefighters, Technical Rescue, EMS, Law enforcement, Emergency Management, Public Works, Hazardous Materials Teams, Transportation and Infrastructure, Private Industry, Local and State Agencies, and others. Just like in a real incident, all of the “players” can represent their roles in the incident. This simulation also allows for a stoppage for discussion or explanation- which cannot happen in real world incidents- but hopefully leads to understanding and growth.
